Description

A laid-back brasserie with character, where Japanese ingredients and techniques meet Mediterranean flavours. Set in a surreal Dali-inspired space, it's a place where quirky service and a playful atmosphere sync to perfection.

Born in Dubai, for Dubai, Maison Dali draws inspiration from Salvador Dali's surrealism and mirrors the personality of Tristin Farmer. This innovative dining experience immerses guests in culinary artistry. Every element — food, drink, service and decor — is meticulously curated to transport diners into a world of imagination. With an ambiance that constantly surprises, Maison Dali transforms dining in Dubai into a captivating work of art.
